

The Casino Challenge is heading to Vegas

Hey hey! It's time for Casumo's first challenge this year. This time we're giving the winner a trip for two to Las Vegas. And back. Oh, and €5,000 to spend! Remember, what happens in Vegas, stays in Vegas... except for the winnings.

You just found action

No place on earth rolls out red carpets like Vegas.

This month we're sending our next hardcore challenge winner to the city that never sleeps.

Completing certain missions give you free spins and super spins valuables, worth up to €3.00 a spin. Top 30 players of each challenge also win wager free cash prizes according to their final position. The higher the rank, the better the prize.

Don't forget that least spins wins and that you can retry as many times as you want.

What

The Vegas Challenge by Casumo

When

15th February – 14th March

Who

Anyone with a Casumo account can opt in for free

Levels & top prizes

Easy €800 Medium €1,500

Hardcore Vegas trip + €5,000

How to succeed in the Vegas Challenge?

Challenges are about both luck and strategy. The idea is to complete the missions with as few spins as possible.

Casumo has hundreds of games so choosing the right game for a certain mission helps you on your way. Missions vary from getting a couple of big wins to winning a certain amount of times in a row. Different games have different features. Playing one game throughout the challenge isn't likely to give the best result.

For each mission we provide a few suggestion of games we believe are good choices for it. But of course you can play your favourite game as well.

This is how you get started:

- 1. Open an account.
- 2. Choose between the Easy, Medium or Hardcore challenge.
- 3. Complete the missions with as few spins as possible.
- 4. Dive into your dream world.

Challenges for all levels

There are 3 different challenge levels. Each one has its own fixed bet level for the missions: easy €0,50 a spin, medium €1,00 a spin and hardcore €3,00 a spin. You can finish the challenge as many times you want but you can't change the level once it's chosen.

Least spins wins

There are 5 types of missions: spin x times, win x times, win x times in a row, get x big wins and get x mega wins. Completing certain missions unlocks free spin and super spin valuables that are lined up along the way. How long it takes to complete a challenge is based on both strategy and luck. Casumo provides recommendations of good games for each mission.

The Challenge Leaderboard

The Leaderboard is showing the current list of players who have completed the challenge with the least amount of spins. It's updated continuously as players complete their challenge. You can re-play the challenge as many times you want without risking your score. Casumo only counts the best one.

Casumo is an award-winning online casino based in Malta. By combining social and real money gaming, Casumo has built the world's first casino adventure, where the player not only collects winnings, but also points and trophies for every round played. Through design, technology & innovation Casumo aims to disrupt a young but in many ways immature industry. Since the launch in 2012, Casumo is still one of the fastest growing online casino operators in Europe. For more information, please visit www.casumo.com.
